PROGRAMME

## Message from the President of the Conference

Welcome to the 2<sup>nd</sup> **World Conference on Educational Sciences**, which is hosted by Bahcesehir University in Istanbul, Turkey. This privileged scientific event has contributed to the field of educational sciences and research for two years. It has created the opportunity to bring scholars, the educational scientists, administrators, councilors, education experts, teachers, graduate students and civil society organizations and representatives together to share and discuss theoretical and practical knowledge in the scientific environment.

The main theme of the conference is '*innovation and creativity*'. The scope of the conference covers the major topics of the Educational Sciences: Curriculum and instruction, educational technology, educational administration, guidance and counseling, educational planning, measurement and evaluation, learning psychology, developmental psychology, instructional design, learning and teaching, special education, distance education, lifelong learning, mathematics education, social sciences teaching, science education, language learning and teaching, human resources in education, teacher training, pre-school education, primary school education, secondary school education, vocational education, college and higher education, learner needs in the 21st century, the role of education in globalization, human rights education, democracy education, innovation and change in education, new learning environments, environmental education, professional development, nursery education, health education, sport and physical education, multi-cultural education, mobile learning, technology-based learning, computer usage in education and etc.

Furthermore, the conference is getting more international each year, which is an indicator that it is getting worldwide known and recognized. Scholars from all over the world contributed to this unique event. We would like to express our sincere thanks to all involved in the organization of this International event. Special thanks are to all the reviewers, the members of the international editorial board, the publisher, and those involved in technical processes. We would like to thank all, who contributed to the organization and helped to realize the conference with their generous intellectual support. A total of 1476 abstracts or full papers were submitted for the conference and each paper has been peer reviewed by the reviewers specialized in the related field. At the end of the review process, a total of 993 high quality research papers were selected and accepted for paper presentation.

I would like to express my appreciations to the Board of Trustees of Bahcesehir University, Enver Yücel who is an important leader in education in Turkey. He has given full support and encouragement to us to organize this conference at Bahcesehir University. I would also like to thank to the Rector of Bahcesehir University, Prof. Dr. Deniz Ülke Arıboğan, who allowed us the opportunity to organize our conference at Bahcesehir University. Also many thanks to Assoc. Prof. Dr. Hüseyin Uzunboylu, who organized the *World Conference on Educational Sciences* at Bahcesehir University and shared this honor with us. Special thanks to Ahmet Yücel, who played an active role in the organization of this event at Bahcesehir University.
